

# **WILDLAND FIREFIGHTER'S OIL & GAS SAFETY SUMMIT**

**June 21, 2011**

**9:00 a.m. – 1:00 p.m.**

**Hosted by Grand Valley Fire Protection District  
124 Stone Quarry Rd. Parachute, CO**

**The goal of this year's summit is to bring the wildland fire service together in order to ensure the safety of the public, industry workers and firefighters when wildfires impact the oil and gas fields. This year's session is primarily aimed at firefighters. Separate sessions for industry workers will be held on an individual basis throughout fire season.**

**The summit includes:**

- **Aviation Safety Review-** A review of procedures and safety when working with aircraft
- **Gas/Oil Field Safety Orientation for Firefighters-** Orientation to industry facilities, practices, hazards and safety.
- **Fire/EMS Lessons Learned in the Gas/Oilfields-** Experiences from local Fire/EMS/Rescue
- **Medical/Rescue Issues-** Primer on 1<sup>st</sup> Aid response to typical hazards, rescue, air evacuation
- **Case Study/Scenario-** Demonstration of response to wildfire threatening oil and gas facilities.
